

## **Chief Financial Officer**

The CFO will lead and manage the financial, accounting, and HR functions of the company. EagleView is an established start-up, and has an experienced controller in place; however, the CFO will need to be actively involved in the oversight of the ongoing accounting functions.

### **Essential Duties and Responsibilities**

- Manage all financial activities of the company, including accounting, financial planning and analysis, treasury, financial reporting, budgeting, tax, and capital structuring
- Ensure the preparation and communication of timely, accurate, and meaningful key metrics
- Provide strategy and analysis of business opportunities
- Ensure internal controls are in place to match the current size of the company, with a plan for continually enhancing controls to match the company's growth.
- Manage regular communications with shareholders
- Interact at a senior level with an experienced Board of Directors
- Participate with the senior management team to optimize the performance of a growing business
- Provide strategy and analysis of business opportunities
- Understand and manage to high levels of quality and service

### **Skills**

- Previous experience as the CFO level with medium to large company
- Twelve to twenty years of financial and management experience
- Bachelor's degree required; master's degree preferred
- Experience with technology startup and early stage companies
- Merger and acquisition experience highly desired
- Lead involvement in previous IPO a plus
- Excellent verbal and written communication skills
- Excellent analytical and organizational skills

Location: Bothell Canyon Park

Compensation: DOE
